

American Mulefoot Hog Association - Breeders List

If you would like to reserve a pig visit website above and print reservation form and mail to breeder. Advance reservations are highly encouraged as demand far outweighs supply. Always ensure breeder listed below is providing AMHA registered stock if you desire registration papers. Breeders inclusion in online directory does not assure you will be purchasing a pig that has a registration issued. Many members are having websites created, so visit often for updates to list! If you recently purchased pigs and are not on this list, please assure you have mailed in a membership application and contact us so we may promptly add you to this list. Please let us know when your contact information has changed or if you would like to be designated as having meat available for pre-order.

PLEASE NOTE: The breeders listed below all have the best interest of the Mulefoot breed at heart. It takes a dedication and passion for preservation of this breed that is commendable. Many breeders listed below have **Mulefoot pork** available for purchase. *Many believe the only way this breed will survive is to market the exceptional flavor of its meat, once tasted cannot be disputed.*

The breeders listed with a → may have meat available to pre-order.
Contact them for ordering information. This designation will be updated frequently.
