

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

THE AMERICAN MULEFOOT HOG RECORD ASSOCIATION.

OFFICERS FOR 1916.

President.....D. V. BURKETT, Columbus, Ohio
Vice President.....J. W. COX, Arapahoe, Nebraska
Secretary and Treasurer.....R. E. PFEIFFER, Columbus, Ohio

DIRECTORS.

JOHN H. DUNLAP, Chairman..... Williamsport, Ohio
RALPH EMERY.....Kalamazoo, Michigan
J. W. COX.....Arapahoe, Nebraska
D. V. BURKETT.....Columbus, Ohio
R. E. PFEIFFER.....Columbus, Ohio

DETAILED DESCRIPTION.

1. **Head and Face.** Head small in proportion to size of body with great width between eyes; face straight or dished.

Objections. Large and coarse; narrow between the eyes.

2. **Eyes.** Clear and bright and full and expressive.

Objections. Dull, without luster; deep set or obscure; or if sight is impaired by wrinkles, fat or other cause.

3. **Ears.** Medium length, somewhat inclined forward; somewhat pointed; thin tipped.

Objections. Large, coarse and overdropping.

4. **Neck.** Short, thick, wide, well arched.

Objections. Thin, shallow, sickly looking.

5. **Jowl.** Full, broad, deep, with fullness back to near point of shoulder.

Objections. Light, flabby, deeply wrinkled or lack of fullness back to shoulder and brisket.

6. **Shoulders.** Broad and oval at the top, showing evenness with the back and neck, with good weight from the top to bottom.

Objections. Small; narrowness at the top or bottom; uneven width.

7. **Chest.** Large, wide, deep and full; full behind shoulders.

Objections. Flat, pinched appearance at top or bottom or tucked in back of fore-legs; brisket uneven, narrow; not prominent.

8. **Back and Loin.** Good breadth, straight or slightly arched; surface even and smooth; uniform thickness from shoulders to quarter.

Objections. Narrow; or hollow back of shoulders or hump or swayed.

9. **Sides and Ribs.** Sides very deep, full, level between shoulders and hams, extending down to line of belly; well sprung ribs.

Objections. Flabby, hollow sides or straight ribs.

10. **Belly and Flank.** Straight and full, carrying well out to line of sides, lowdown flank.

Objections. Narrow, tucked up, drawn in, flabby or sagging belly.

11. **Hams and Rump.** Broad and full, extending well down to the hock; should present a round slope from loin to root of tail.

Objections. Narrow or short or thin or not extending down to hock; or cut up too high in crotch; narrow rump.

12. **Legs and Feet.** Medium size, straight, nicely tapered, well apart and well set under body; short; clean pasterns; strong feet.

Objections. Long legs, or legs coarse or crooked or legs close together or hocks pointing out or in or long weak pasterns.

13. **Tail.** Medium length, large at base, showing good tapering.

Objections. Coarse, clumsy or long.

14. Coat. Moderately thick, offering good covering; hair reasonably fine.

Objections. Too long bristles, rough, harsh or coarse hair and swirls.

15. Color. Black, white points admissible.

Objections. Too much white or white patches too large.

16. Size. Large for condition and age. Boar two years old and over to weigh 500 pounds; sow same age 450 pounds; 18 months boar 375; sow same age 350; 12 months old boar or sow 300; 6 months boar or sow 150. (These figures are for show animals.)

Objections. Rough and coarse, showing qualities of a poor feeder.

17. Action and style. Bright, active, showing animation.

Objections. Dull, stupid or awkward.

18. Condition. Must show good health, clean, healthy skin, without scales, sores or scurf. Flesh, smooth and even.

Objections. Diseased skin, too fat for breeding, poor quality.

19. Disposition. Reasonably gentle and quiet, without trouble in handling.

Objections. Mean, vicious or stubborn.

DISQUALIFICATIONS.

Form. Slit or creased hoof; broken down feet; seriously deformed legs.

Color. More white than black.

Size. Chuffy; not two-thirds large enough for age.

Condition. Total blindness; barrenness.

Pedigree. Not eligible to record.

National Association of Expert Judges of Swine

SCALE OF POINTS

In order that each breeder may work more persistently, and in uniform effort with other breeders, to make and retain the Mulefoot as an ideal hog, the Association has adopted a scale of points for the Mulefoot as follows:

1. Head and Face.....	4
2. Eyes	2
3. Ears	2
4. Neck	2
5. Jowl	2
6. Shoulders	6
7. Chest	10
8. Back and Loin.....	14
9. Sides and Ribs.....	11
10. Belly and Flank.....	6
11. Hams and Rump....	10
12. Legs and Feet.....	10
13. Tail	1
14. Coat	2
15. Color	2
16. Size	5
17. Action and Style....	4
18. Condition	4
19. Disposition	3

Perfection..... 100
